## APCERT

Asia Pacific Computer Emergency Response Team

- a coalition of CSIRTs (Computer Security Incident Response Teams), 15 teams from 12 economies across the Asia Pacific region
- Officially founded in Feb. 2003
- JPCERT/CC provides a secretariat function

## The objectives of APCERT

- Enhance regional and international cooperation on information security in Asia,
- Jointly develop measures to deal with large-scale or regional network security incidents,
- Facilitate technology transfer and sharing of information about security, computer virus and malicious code, among its members,
- Promote collaborative research and development on subjects of interest to its members,
- Assist other CSIRTs in the region to improve the efficiency and effectiveness of computer emergency responses,
- Provide inputs and/or recommendations to help address legal issues related to information security and emergency response across regional boundaries.
- Organize an annual conference to raise awareness on computer security incident response and trends.
