# APTLD workshop in New Caledonia

- Combined with Pacific IGF
- Well attended: more than 40 people in the workshop, representing 13 ccTLDs - most from Pacific and other 5 organizations.

# Topics being discussed

- Different ccTLDs running in different models
- DNSSEC and security
- IPV6 enablement for ccTLDs
- New gTLDs impact on ccTLDs
- Delegation and Redelegation
- How to promote your ccTLD: as national identity; show commercial value;
- Cost of Internet access in Pacific

# Feedback from Pacific ccTLDs

Local ccTLDs gave run down on:

- Registry running model: in housed or out-sourced;
- What kind of relationship registry has with government, with local Internet community
- How the policy is set up
- Is your registry IPV6 enabled, DNSSEC enabled?

# Meeting in Busan

- Around 50 representatives from 17 ccTLDs and 11 other organizations attended
- exchanged ideas on issues related to IDN, IPv6, security and law enforcement, IANA function discussion, impact of new gTLD and organisational updates
- Extensive discussion on our membership

# ICANN NOI and FNOI

- NOI: <http://www.ntia.doc.gov/federal-register-notices/2011/request-comments-internet-assigned-numbers-authority-iana-functions>
- Welcome commitment to multi-stakeholder model
- Keep IANA functions performed by one entity
- Root zone management automation
- Distinction between technical function and policy development process

# ICANN NOI and FNOI

- FNOI: <http://www.ntia.doc.gov/federal-register-notice/2011/internet-assigned-numbers-authority-iana-functions-further-notice-inqui>
- Clarify that IANA staff are welcome to provide information and advice upon request from stakeholders at policy development process
- Pointed out complexity of the issue of “local law”

# ICANN NOI and FNOI

- Power of Contracting Officer's Technical Representative (COTR) questioned
- Advise to align SOW with work of the DRDWG and FOIWG
- Reiterate sovereignty in the management of ccTLDs and the voluntary nature of ccTLD contributions to IANA

# Other activities

- Sponsored APriIGF in Singapore
- Sponsored “women in ICT” session in ICANN Singapore meeting
- Sponsored Community.asia booth in ICANN Singapore meeting
- Working closely with CENTR on web site revamp

# IDN ccTLDs

- Over 90% IDN ccTLDs delegated were from AP region
- Participating strongly in IDN policy development, e.g. IDN ccPDP, JIG IDN WG, VIP
